

ONE LORD • ONE FAMILY • ONE JOURNEY TOGETHER

Vision Statement adopted by Vestry

January 21, 2014

Through the Grace of God and the Love of our Lord Jesus Christ we envision St. Paul's as...

A holy place where people of all ages and backgrounds come together as a family of faith, personally welcoming, knowing and caring for one another in Jesus' name.

Carrying our mission, our campus and our distinctive parish into the next decade with a healthy and self-sustaining financial position while also growing our endowments.

Establishing Christian Education with new opportunities to reach people of all ages with dynamic and contemporary programming that nourishes body, mind and spirit.

"Under One Roof" expanded to be a multi-parish food pantry; targeting the emergency physical (food, toiletries) needs of our community.

A Body of Christ that first reflects on the existing good works and mission of St. Paul's as well as the blessings that God has bestowed upon us, but with a commitment to continue a vision journey that looks to future plans and possibilities.

Emphasizing and preserving our Episcopal worship traditions while adapting aspects of our worship to a growing contemporary audience and setting.

Preserving, sharing and celebrating our parish history and what it means to be Episcopalian while being a vibrant, involved congregation where we focus on the needs of our surrounding community.
